Praise God for Ethiopia.

Psalm 68:31,

[“Envoys will come out of Egypt; Ethiopia will quickly stretch out to God.”](#)

What an exciting season here in Ethiopia. The last three months have been a transformational season for the country. God has raised a leader who is very passionate and is also compassionate. He hungers for peace, love, forgiveness and unity in the country—the things a nation needs. The new elected Prime Minister, Dr. Abiy Ahmed in less than 5 months has already brought peace, unity, forgiveness, justice and love to the country. Thousands of political prisoners have been released from prison. Dr. Abiy also went to the neighboring countries and made peace with each one of them. In additions, he arranged to release Ethiopian refugee, who had been in Saudi Arabia’s as slave workers for more than ten years and brought them with him—all in the same flight. These women are very young and from the countryside of Ethiopia. They left Ethiopia to Saudi Arabia to work as a maid; I call it, modern day slavery. Once these women arrived to Saudi Arabia they get treated like an

slavery. Once these women arrived to Saudi Arabia, they get treated like an animal and have been abused in different ways. With false accusation, they would be sent to jail, where they are brutally tortured and left forgotten. Our Prime Minister did amazing things bringing these prisoners back to their families and to their motherland. Praise God for a God-fearing leader for Ethiopia.

God Provided a House!!

As you all know, housing was one of my immediate goal rights after I return to Ethiopia. Hunting for house was not an easy task, but with God's provision, I found the perfect house that would serve multiple purposes. "If God is for us who can be against us." I believe God's

Visiting an Orphanage

My recent teaching for the women was based on Mark 12:41-44, about the women who gave from everything she had and giving back generously. **The women were so moved by the story and want to contribute from what they have. They have raised 600 Ethiopian Birr to go and visit a local NGO who provides a shelter for elders people who were living on the**

New group of women

The current group of women have been in the program since July 2017. They will be phasing out on September 2018. Therefore, it was necessary to recruit new group of women to replace the previous one. For that reason, I have been recruiting new groups and God have been guiding me in the process. Please continue to pray for wisdom, as I need to finalize the recruiting

favor was on me in this process because the owner of the house is in full support of my ministry with the women. He was very touched and understands why I need the space and is in admiration for the work that is being done.

I still have a long way to go furnishing the house, however this is the start and God will provide for the remaining part. My goal is to furnish the house by the end of July and start the program in August. Please continue to praise God for He is the provider.

The house has six bedrooms and four bathrooms. I will be living in one of the room on the top floor and the rest would be a place where we would do different

things on the street. The women were able to buy sugar, disposable diapers, soap and other sanitary items with the money they have raised. When we visited the shelter I was able to witness the joy of giving that I saw from the face of our women. They also verbally expressed a great satisfaction and happiness. I was proud to witness this.

process soon.

Lastly, none of these would be happening if it wasn't for you and your financial support and prayer. I would like to thank you from the bottom of my heart for helping me reach women who are underprivileged to make a difference in their lives.

Our stories never end with us. Our stories are to benefit for others. God is the God of generations. We will reap of what we're sowing right now and I'm honored and

projects including,
**sewing, broderie,
cooking, baking and
many more to come...**

I was able to connect
with a local
organization that helps
unprivileged children
with school uniform
and other supplies.

**Our first groups of
women had finished
their sewing training
and have been
provided a sewing
machine where they
will continue to do their
own business at their
house.** To further

provide for these
women, I was able to
connect the women to
a local non-profit
organization where
they would soon be
starting sewing school
uniforms, which will
generate an income
for the women.

However we're in great
need of **Overlook
Sewing Machine**. If
you have or know of
someone who had an
overlook machine that

is not using it
anymore, please let
me know as soon as
possible. I know a
family coming to
Ethiopia from the state
at the end of July and
they are willing to bring
a sewing machine that
finishes the seaming to
our women project.

**Overlook Sewing
Machine
Donation**
